

DOES YOUR PHONE RING ALL THE TIME?

Scammers use robocall technology to bombard you with calls. They can "spoof" real phone numbers in the caller ID to show known area codes or government agencies.

When you answer, they then know it's a live phone number. They share this live number with their scammy friends. Our advice:

DON'T ANSWER

Call us if you've verified your Medicare number over the phone, or if you have questionable charges. We can help you check your account for suspected fraud.

800-293-4767

This project is supported by the Administration for Community Living, Dept of Health & Human Services, as part of a financial assistance award totaling \$982,941 with 100% funding by ACL/HHS.

FIGHT BACK

Against Medical Identity Theft

Preventing Medicare Fraud

Scammers Are Relentless

- Have you been billed for diabetes supplies that **you didn't request**?
- Has a caller asked you to **verify your Medicare number**?
- Did you receive a **“free” medical brace** in the mail - that you don't need?
- Have you been called about a **new Medicare card**?

These are scams designed to get your personal information!

Call us if any of these has happened to you. We help you check your Medicare account for suspected fraud.

About Us

The Ohio Senior Medicare Patrol is a non-profit organization funded through a grant from the Administration of Community Living. We help protect Medicare beneficiaries from medical identity fraud and stay safe from scammers.

We work with Medicare to help you check your account for suspected fraud. We also report fraud to the HHS Office of Inspector General, to help track down scammers and *put them in jail.*
