Two-part symposium on June 22 and June 23
from 12:00 – 3:00 pm Eastern Time

SHIP, SMP and MIPPA programs are made up of diverse staff and volunteers who serve diverse communities. Do you ever wonder if you are saying or doing "the right thing" while working with people whose culture, gender, age or socio-economic status are different from yours? We are pleased to announce an opportunity for SHIP, SMP & MIPPA staff and volunteers to learn more about diversity, equity, inclusion and belonging.

DESCRIPTION

We all have blind spots in our awareness of how other people might feel or react in response to our words, actions, or inactions. The blind spots can arise from implicit bias, cultural conditioning, or lack of awareness. This symposium, led by modern-day pioneers and champions, will be a safe space to find your blind spot(s). This interactive event will engage everyone to learn more about diverse cultures, identify and dismantle "ism's, bring equity and inclusion into our workplaces and communities.
